RESIDENTIAL

We can create the perfect garage, carport, or patio for your residential property. We custom design, supply and install steel structures of all sizes across a range of domestic applications. All our products are made from Bluescope steel and are ShedSafe Accredited.

Let us take you on a seamless design and buying experience, so you can experience THE Shed Company difference.

GARAGES

THE Shed Company can design single, double and triple bay garages with gable or skillion roofs. Our gable roof is available in a variety of pitches and creates a traditional style garage, whereas the mono pitch of a skillion looks great next to new residential homes. Available in almost any size you require, we can alter width, depth, height and roof pitch. You can even pick from an extensive range of optional extras.

SINGLE GARAGES
(3m x 6m x 2.4m)

An ideal solution to cover up your vehicles or provide a little extra storage space or workshop.

DOUBLE GARAGES
(6m x 7m x 2.7m)

The double garage has many design options and inclusions – makes for a great addition to your home or property.

TRIPLE GARAGES
(6m x 9m x 3m)

Create extra space and room to move with the triple bay garage, store three vehicles with ease, or leave some space for a workshop.

GARAPORTS
(6m x 10m x 2.7m)

More than just a shed or a carport. The Garaport features a built-in carport section that allows you to cover your car and still maintain a single structure.

CARPORTS

Add value to your property by adding a genuine Australian COLORBOND® carport from THE Shed Company. Our structures are custom designed, and tailored to suit your individual needs.

GABLE ROOF
(6m x 6m x 2.4m)

The 6x6 is a double carport that is the ideal size to cover two cars. Available with or without the gable end infill and available in a variety of roof pitches.

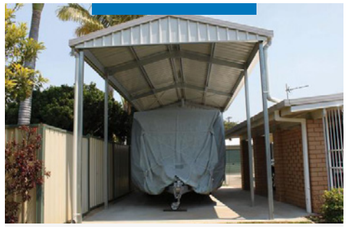

SKILLION / FLAT ROOF
(6m x 9m x 2.7m)

Dress up your property in style with a skillion designed carport. Available in almost any size and suitable for any application.

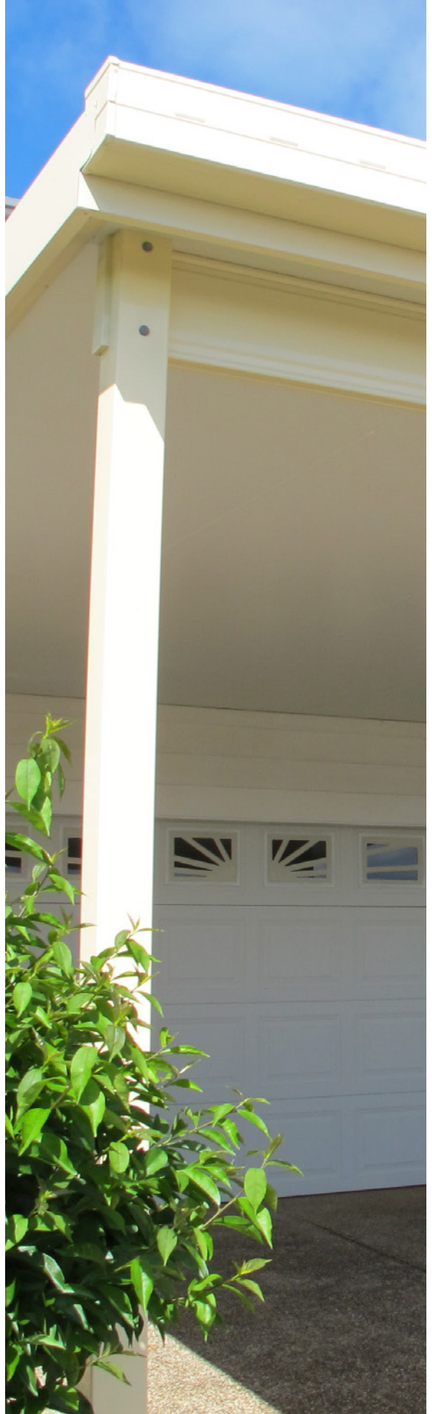

CARAVAN COVERS
(4m x 6m x 3m)

Don't leave your caravan out in the cold, cover it up and keep the rain off. Suitable for a gable or skillion roof design.

BOAT & TRAILER COVERS
(3m x 8m x 3.2m)

If your boat is your pride and joy, don't get caught out by leaving it in the rain. Cover your boat with one of our carport covers and keep your boat looking new.

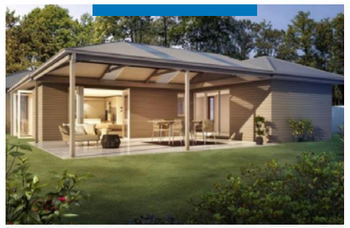

PATIOS

Patios from THE Shed Company are manufactured from premium BlueScope Steel. You can select from a variety of COLORBOND® steel colours to finish the roof and match the structure to your existing home.

GABLE
(5m x 9m x 2.7m)

Create your new favourite outdoor space with a classic gable insulated panel roof, ideal to keep warm in winter and cool in summer.

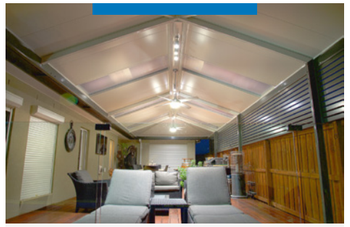

HIP
(5m x 6m x 2.7m)

A stylish and modern design, simply a stunning addition to any home. The hip roof offers a variety of roof pitches to blend in with your home.

SKILLION
(4m x 8m x 2.7m)

The ultra-modern skillion can be used as a carport or patio, attached or free-standing. Designed to suit any home.

INSULATED PANEL ROOF
(5m x 9m x 2.7m)

Designed to protect from extreme weather conditions, making your outdoor space part of your home.

Patios available at selected stores only

RURAL

Choose from a wide range of designs for any rural purpose. All of our products are made from 100% Bluescope steel and are ShedSafe Accredited. Safety and quality are our top priorities.

Experience THE Shed Company difference.

FARM SHEDS

THE Shed Company's farm shed range is designed to suit almost any rural application imagineable. We supply and install large custom built BlueScope Steel farm and machinery sheds in remote locations. We know we can create the right shed for you as we offer large open clear spans, extra wide bays and massive lengths.

OPEN FRONT FARM SHEDS

(6m x 12m x 3.2m)

A perfect solution for feed & equipment storage.

OPEN END FARM SHEDS

(8m x 12m x 3.5m)

If you need larger openings and improved access, choose an open end farm shed.

OPEN WITH LOCK-UP BAYS

(7m x 18m x 3.4m)

One solution to store your feed and equipment under one roof.

OPEN WITH EXTRA WIDE BAYS

(6m x 12m x 3.6m)

Extra wide bays allow for storing larger machinery.

BARNS

Barns make spacious rural and residential buildings as well as excellent stable complexes. Barn sheds are the ideal shed type if you have a combination of vehicles and machinery that you need to store. The extensive space allows for lots of storage plus room for work and hobbies.

TRADITIONAL BARN
(9m x 7m x 2.4-3.6m)

The traditional rural style barn. Great for triple access and a timeless design. Many size and design options. Mezzanine floors are also available.

BARN WITH OPEN AWNING
(12m x 18m x 2.7-3.6m)

Open your barn for storage or workshop purposes, providing shelter and security. Side awnings and openings are available.

EXTRA TALL TOWER
(9m x 12m x 2.4-4.2m)

Need a little extra height? Install a mezzanine floor in the centre section to provide you with a room upstairs.

BARN DESIGNS
(9m x 18m x 2.7-3.6m)

Can't find what you're looking for? Let us design a barn to meet your exact needs.

EQUINE

All-year riding is possible with an equestrian arena or massive clear span cover that is custom designed to suit your property. Whether you have one horse or fifty, we will create a structure that delivers the appropriate cover.

OPEN FRONT STABLES
(12m x 3 stables x 3.2m)

Give your horse a room with a view. Our open front stable designs come in all shapes and sizes.

ENCLOSED STABLE SHEDS
(8m x 16m x 3m)

If you are looking for a fully enclosed solution we can custom design a unique building to suit your requirments.

ARENAS & COVERS
(16m x 24m x 4.2m)

Choose from a large range of arena covers with ultra-large openings.

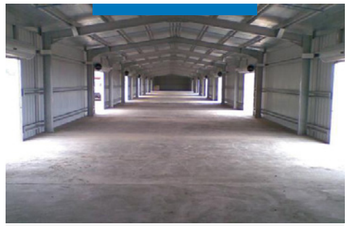

COMMERCIAL

THE Shed Company has the right commercial shed design for you. With our flexible design software, our local outlets can create a custom building to suit your needs within minutes.

That's what makes THE Shed Company different.

WAREHOUSES, FACTORIES, WORKSHOPS, COVERS & STORAGE

Cold form steel structures are ideal for commercial and factory purposes providing you with strength and flexibility in design and engineering; providing an economical solution for your next investment.

WAREHOUSES
(7m x 36m x 3.6m)

Large spans and long distances provide ideal warehousing solutions or storage systems.

FACTORIES
(12m x 24m x 4.2m)

Factories can include workshop space, areas for storage and office space for administration.

COMMERCIAL WORKSHOPS
(4m x 12m x 4m)

The perfect solution for any repair or manufacturing operation.

COVER WITH PARTIAL WALLS
(18m x 18m x 4.2m)

For a little more protection from the elements, choose a cover with partial walls.

ROOF ONLY COVER
(12m x 12m x 3.6m)

Choose an open structure to protect your investment from the elements.

STORAGE FACILITY
(8m x 25m x 3m)

A cost effective system that's flexible enough to suit any location.

STEEL KIT HOMES

With our range of steel kit homes we can provide you with a great opportunity to extend the liveable space on your property in a cost effective way. Whether you need a granny flat for grandparents, a retreat for your teenagers or are looking for your new family home, steel kit homes allow you to be the owner builder and take charge of the budget and schedule.

That's what makes THE Shed Company different.

DESIGNED FOR THE OWNER BUILDER

Truecore

All of our steel kit home designs use TRUECORE® frames which are 100% termite proof. COLORBOND® and ZINCALUME® steel are standard for cladding and roofing. Take control of your project and build your next family home for a fraction of the cost.
